MEETING OF THE "U. D. C."

IT IS BEING HELD AT THE HOME OF MRS. B. F. HUGHES ON WEST BROADWAY.

THE RESIDENCE PRETTILY DECORATED

Meeting is the first of the new year and is in commemoration of the anniversary of the birth of General R. E. Lee.

The local chapter of the Daughters of the Confederacy is being delightfully entertained in unique fashion by Mrs. B. F. Hughes at her West Broadway residence this afternoon. The guest of honor is Mrs. D. M. Wilson, of Lexington, who is visiting Mrs. W. E. Bard.

The Hughes residence is prettily decorated with Confederate flags, some of which have seen actual service and are in possession of the relic committee of the organization.

The celebration is the first meeting of the new year, and is also being held in commemoration of the birth of General Robert E. Lee. Many portraits of the famous leader are used in decorating the house.

Toasts will be given with grape juice to all the officers of the chapter, as follows: Mesdames W. F. Hansberger and W. H. Powell, honorary presidents; Mrs. George F. Longan, president; Mrs. H. W. Harris, first vice president; Mrs. Anna Moore, second vice president; Miss Lou Menefee, secretary; Mrs. John A. Collins, treasurer; Mrs. C. C. Lawson, corresponding secretary.

Mrs. Longan, president, will give the toasts to the hostesses, whose names follow: Mrs. Hughes, Mrs. F. L. Farley, Miss Maud Farley and Mrs. H. E. Huston.

Following Mrs. Longan's toast to the hostesses toasts will be given as follows:

Mrs. H. W. Harris—To the "Honorary Presidents."

Miss Barnett—To "Our President."

Mrs. W. H. Schnare—To the official board.

Mrs. S. L. Miller—To the present and future membership.

Mrs. H. L. White—To the national organization.

The following ladies will give toasts to Gen. Lee: Mrs. C. C. Lawson, Mrs. F. E. Hoffman, Jr., Miss Lou Menefee, Mrs. F. W. Lamy, Mrs. Frank Monroe and Mrs. D. H. Smith. Late this afternoon a three-course luncheon will be served.

The celebration this afternoon is looked upon as the most pleasing ever arranged, and a thoroughly enjoyable time will no doubt be had by all.

The chapter's year book, outlining the work for 1909, was issued today, and is a very neat piece of work, attesting the perfect organization of the chapter.

At present the society comprises a membership of forty-eight, and a number of applicants are to be admitted to membership this afternoon.

THREE ROADS LOST MONEY

Carrying Passengers at Two Cents a Mile in Missouri.

Kansas City, Jan. 20.—Final arguments in the cases of eighteen Missouri railways contesting the two-cent fare and maximum freight rate laws, on the ground that they are confiscatory, were begun in the Federal court today before Judge Smith McPherson.

Frank Hagerman, for the railroads, declared three companies lost money carrying passengers at two cents. Others show a profit of only two and one-half to five per cent.

TWENTY-THREE LIVES LOST

By the Burning of a Crib in Lake Michigan at Chicago.

Chicago, Jan. 20.—Twenty-three men are reported to have lost their lives in a fire which destroyed the intermediate water supply crib, one and one-half miles from shore, in Lake Michigan today.

Forty-five were rescued, many of whom were badly burned, by the tug Morford, and brought into the city.

Sixty men were at work in the tunnel under the crib or asleep in their bunks when suddenly confronted by death by the explosion of a powder magazine, which immediately wrapped the wooden structure in flames. Those not killed or injured by the

explosion found escape cut off on every side by the waters of Lake Michigan.

Many of the imprisoned men leaped into the lake to escape the flames before the tugs could reach the crib, and it is thought a number were drowned.

A telephone message from the crib at 1 p. m. stated that the bodies had been recovered from the tunnel. The report added three more bodies at the bottom of the shaft.

Death of an Aged Negro.
Richard Wilson, colored, died of general debility at his home at Georgetown Tuesday night, aged over 90 years. He leaves a family.

THE VOTE STOOD 91 TO 84

HON. WILLIAM J. STONE IS UNITED STATES SENATOR FOR SECOND TERM.

HE WAS ELECTED BY STRICT PARTY VOTE

U. G. Crandall, of St. Joseph, Who Was Expected to Bolt, Dissolved His Pair and Cast His Vote for Mr. Stone.

Special to the Democrat-Sentinel.
Jefferson City, Mo., Jan. 20.—William Joel Stone is United States senator for a second term. The joint assembly, voting at high noon today, on strictly party lines, without the slightest semblance of bolt of any sort, re-elected him to that high office by a vote of 91 to 84.

Every democrat in the assembly stayed by the party primary choice at the polls. Even U. G. Crandall, of St. Joseph, the man who above all others had been touted as the possible leader of a bolt, dissolved his pair with Representative Brooks and voted for the party candidate on roll call.

Exactly at high noon, in strict accordance with the United States statute, Lieutenant Governor John C. McKinley, president of the senate, called the joint assembly to order; and upon a resolution unanimously passed, the joint assembly proceeded at once to a roll call, since the journals of the two houses, when read, failed to show that any candidate had received a majority of the vote in both bodies in the preliminary ballot yesterday.

As every democratic member who had been regarded as "doubtful" arose and cast his vote for William J. Stone, the vast crowd that packed every available space in the house cheered and applauded.

The republican party representatives, crushed by a majority, and the disgruntled democratic enemies of Senator Stone, forced by popular demand and lack of any sort of support whatever, had yielded to the mandates of the majority, and the will of the people had triumphed.

RECEPTION FOR TEACHERS

The W. C. T. U. Arranged for It Tuesday Afternoon.

The W. C. T. U. met at the home of Mrs. Edward Heckman, 209 East Seventh street, Tuesday afternoon, and perfected arrangements for a reception to be given on the night of Friday, January 29, for the public school teachers of the city.

The reception will be given at the home of Mrs. W. M. Aispaugh, 1076 West Seventh street, and among those to attend will be Mrs. O. M. Middleton, of Kansas City, state superintendent of scientific temperance.

THE COOPER MURDER TRIAL

For Killing of Former Senator Carmack in Tennessee.

Nashville, Tenn., Jan. 20.—All is in readiness for the opening of the trial of Col. Cooper, ex-Sheriff Esson and Robin Cooper, for the murder of ex-Senator Carmack.

Only the objections of counsel now stand in the way of beginning.

Awarded Building Contract.
Rodolph Dean and Eugene Atterbury have been awarded the contract for erecting the two-story brick building at a cost of \$3,500 for the Kellogg Carriage Works, on the vacant lot on South Osage avenue, between Second and Third streets. The contractors began the excavation work Tuesday.

Senator Crane, Stork Assistant

A Washington dispatch says there was amusement in the Senate when Senator Crane introduced a bill providing for the establishment of a bureau of children. The dignity of the Senate could not stand the strain. "Oh," said one of the most dignified members, "so Crane is coming to the assistance of the stork. The stork brings the babies and Crane provides

for their subsequent care. Let me see, isn't Crane a sort of second cousin to the stork?" Crane's bill provides that the President shall create a bureau under the department of the interior to look after the interests of children. The bureau is intended to make special investigations of infant mortality, the birth rate, physical degeneracy, juvenile delinquency and juvenile courts, desertion and illegitimacy, dangerous occupations and accidents, diseases of children of the working classes, important legislation affecting the children and facts bearing on their health, efficiency, character and training.

Provision also is made for the employment of a chief of bureau at \$5000 a year, and a large number of employees. The measure was referred to a committee.

SALVATION ARMY WORK

During the period covering six months, Capt. and Lieut. Burkholder have filled the places of nurse, physician, minister, pallbearer and servant girl, and among their cases attended to was that of Sam Gilman, a negro, whose illness was one of the most distasteful ever brought to the attention of any charitable organization.

by J. E. O'Bannon against the Sedalia Board of Education, to compel the board to permit his two children to attend school, although neither has submitted to an external vaccination, which was ordered by the board as a preventive against smallpox.

Honor for Judge Longan.

Judge George F. Longan was notified by long distance telephone today that he had been selected to sit in the United States court and try a case of the City of Lexington against a resident of Kansas, which will be tried in the United States court at Kansas City. WILL GET \$450 A MONTH

HARRY SUTER SIGNS TO PLAY WITH CHICAGO WHITE SOX THIS YEAR.

HE HAS BEEN WITH SAN FRANCISCO CLUB

Few Years Ago He Was Pitching on the Liberty Park Diamond—Great Things Were Predicted for Him Then.

Harry Suter, a Sedalia ball player and son of George Suter, a plumber, who has been playing with the San Francisco ball team in the Pacific Coast league, has signed a contract to play with the Chicago White Sox, in the American league, the coming season, and will command a salary of \$450 monthly.

Harry is one of the youngest and also one of the best baseball "twirlers" now playing professional ball, as is attested by his record and by a letter sent him by Charles Comiskey, owner of the White Sox, and which letter was received by the baseball player's father last evening from his son, viz.:

"Chicago, Jan. 9, 1909.—Mr. Harry Suter; Dear Sir: I am enclosing you a contract for the season of 1909, at the salary you quoted, which please sign and return to me at once.

"Everyone who has seen you play speaks very highly of you, and expects that you will undoubtedly 'make good,' and I sincerely hope that their expectations shall be realized.

"Trusting this finds you enjoying the best of health and wishing you the compliments of the season, I remain, respectfully yours—Charles A. Comiskey."

OREGON'S PLAN WON OUT

THE PEOPLE'S CHOICE ELECTED THEIR SENATOR, DESPITE POLITICIANS.

ALL EFFORTS TO DEFEAT HIM FAILED

Chamberlain, a Democrat, Chosen by Republican Legislators, Who Had Pledged Themselves to Support Primary Nominee.

Salem, Ore., Jan. 20.—Governor George B. Chamberlain, democrat, was elected United States senator yesterday by a republican legislature. Although Chamberlain was the people's choice for United States senator and there were enough members of the legislature pledged to elect him, a determined effort was made to defeat him.

Senator Charles W. Fulton, whom Chamberlain will succeed, repeatedly urged the legislature to elect a republican instead of a democrat, despite the fact that a majority of the members were pledged to the people to vote for Chamberlain.

Eastern political influences are said to have interfered in the Oregon senatorial situation, and even W. H. Taft and Frank H. Hitchcock, chairman of the republican national committee, it is said, were solicited to take a hand. Various members of the United States senate have been called on, but have declined to ask Oregon legislators to violate the pledge.

HE IS AGED 81; SHE IS 76

They Obtained a Marriage License Here Today.

Age cuts no figure in Cupid's plans, as was attested at the office of Recorder Morey today, when T. O. Critchlow, a farmer of near Green Ridge, 81 years old, and Mrs. Sallie Hall, of the same neighborhood, aged 76 years, stealthily approached the recorder's office and applied for a marriage license.

The license was issued and the couple proceeded to H. M. Gresham, police judge, to have the marriage ceremony performed, but the judge's oath of office does not permit of a police judge performing marriage ceremonies.

The ceremony will take place at the home of Mrs. Hall tomorrow evening at 6 o'clock and a wedding supper will follow.

Among those to attend will be Police Judge Gresham, who, although unable to perform the ceremony, will witness Mr. Critchlow's second marriage, he having been present at the first marriage of the groom-to-be in Elk Fork township thirty-six years ago.

Mr. Critchlow and his bride-to-be swore the recorder and deputies to secrecy before they took out a license, but the Democrat-Sentinel gained its information from another source.

The Ladies' Musical Club.

The Ladies' Musical Club held its regular weekly meeting at the Elks Club rooms this morning, but had no program. In lieu Prof. Johannes Goetze, of Moberly, acted as entertainer and made a very pleasing remembrance.

\$100,000 FOR INFORMER

BIG SHARE OF WATERS-PIERCE FINE TO J. P. GRUETT IN TEXAS.

WAS A FORMER CONFIDENTIAL EMPLOYEE

The Sum of \$100,000 Goes to the State Treasury, to the Credit of the General Revenue Fund—Remainder of Fine.

Austin, Texas, Jan. 20.—The attorney for the state in the case of the state of Texas against the Waters-Pierce Oil company called on the local attorneys for the company here yesterday, looking to a settlement of the case in compliance with the decision of the United States supreme court.

The defendant's attorneys stated that they were not prepared to say anything until after the supreme court had passed on the question of a motion for a rehearing, which would be made in due season.

Upon a final decision of the case and the settlement of the penalties demanded by the verdict if the present decision holds, the money will be divided as follows:

One million dollars to the state treasury to the credit of the general revenue fund; \$100,000 to J. P. Gruett, a former confidential employee of the Waters-Pierce Oil company and the Standard Oil company, who gave the testimony that resulted in the verdict; about \$175,000 divided as lawyers' fees in equal parts, between the firm of Gregory, Datts & Brooks, George Allen & Co., Attorney John Bond.

SEDALIA MAY GET IN

"Doc" Shively and "Jack" Sweeney Here to Talk Baseball.

Dr. D. M. Shively, of Kansas City, president of the Western Baseball association, and "Jack" Sweeney, formerly a catcher for the Boston Nationals, arrived in Sedalia this afternoon, in the interest of an interstate baseball league, to be composed possibly of the cities of Leavenworth, St. Joseph, Atchison, Kansas City, Kas., Sedalia, Nevada, Jefferson City, Chillicothe and Moberly.

The visitors are in conference with H. V. Leist as the Democrat-Sentinel goes to press, and there may be something doing in local baseball circles within the next day or two.

There are many who believe Sedalia is now ripe for a first-class ball club, and if the fans show this by their works Mr. Sweeney is prepared to place a club here.

KILLS HIS OWN DAUGHTER

Texan Then Commits Suicide With Same Revolver.

San Antonio, Texas, Jan. 20.—As a result of a quarrel over the ownership of a photograph of his dead wife, Adolph Groom last night shot his only daughter, Mrs. Rosa Mundy, to death, and then killed himself.

Groom first shot his daughter through the right breast and after she fell he fired three shots into her prostrate body.

He then placed the pistol in his mouth and fired one shot. Seeing the wound was not fatal, he fired two more shots into his left breast.

THE MODEL LICENSE LEAGUE.

To secure the adoption of model
liquor laws, as a check to the wave
of prohibition and local option that is
now sweeping over the country, is
the object of the National Model Li-
cense league, which will commence a
three days' session in Louisville on
Thursday, says the St. Joseph News.

Leaders of the movement inaugu-
rated by the league say radical im-
provement in the methods of dispens-
ing alcoholic beverages must be
made if the liquor business is to re-
main a legalized institution in many
states, and express a desire to hear
the views of those who have plans to
bring about improvement. The league
is a national organization of 800 dis-
tillers, brewers, winemakers, whole-
salers, retailers and collateral trades-
men, and is conducting a national
campaign in behalf of a model li-
cense law.

The objects and purposes of the
Model License league are to take the
liquor question out of politics and to
take the lawbreaker out of the li-
cense business. If there is to be any rad-
ical reformation, it is declared, it
must be along these lines.

The model license law provides
that all licenses in effect at the time
of the passage of the law shall re-
main in effect until suspended or an-
nulled because of violation of the law.
The law provides also that upon con-
viction for a first offense the license
holder must forfeit the right to do
business for a period of thirty days,
and upon a second conviction he
must forfeit forever his right to hold
a liquor license in the state in which
the license has been forfeited.

Holders of licenses would be pro-
tected from undue competition by
that clause of the model license law
which provides that after the pas-
sage of the model license law no
more new licenses can be issued un-
til the population is in the proportion
of (say) five hundred to each license.
This would not only give the li-
cense holder assurance of a reasonable
amount of trade and therefore a rea-
sonable profit on his investment, but
would protect society from the evils
that it is claimed result from a mul-
titude of drinking places.

The league does not advocate ex-
cessive high license for the alleged
reason that such license compels the
dealer to handle inferior wares in or-
der to make a profit. The license fee,
it is asserted, should be sufficient to
give a good revenue to the local and
state government without being op-
pressive.

This is good as far as it goes, but
it does not go far enough. The pro-
portion of one saloon to every 500 in-
habitants is too low. It ought to be
one to every 2,000 inhabitants. Prop-
rietary interests in saloons by brew-
eries and wholesale liquor men
should also be forbidden. Local op-
tion by neighborhoods, instead of by
wards, as recommended by Governor
Hadley, is another good idea.

If the leaguers really want to cor-
rect abuses and prevent the spread
of prohibition, they should make
their ordinances broad enough to
meet public sentiment as well as the
interests of their own business.

A HUNDRED YEARS.

A Cleveland physician has prom-
ised the world forty more years of the
life of John D. Rockefeller, says the
Cincinnati Enquirer. This prediction
of longevity is based upon the fact
that, first, he avoids all worry; sec-
ond, he takes plenty of exercise in
the open air; third, he never over-
loads his stomach and always gets up
from the table a little hungry.

Some count years by the amount of
enjoyment of the things of the earth
that may be packed into a certain
period. Mr. Rockefeller can command
the seasons and the climates and all
the golf links. But he can not enjoy
the song and dance of life. To him
there is nothing in the journey from
sherry to champagne; nothing to him
the price of terrapin or canvasback
duck.

It is believed by some that this dis-
tinguished man of great business
methods and wealth is about to di-
vert some of his vast givings of
wealth from theoretical benefits of
enhanced standards of education to
the more practical thought of the
actual care of helpless people of ad-
vanced years.

If that shall be the case there will
be something for the thousands of
writers for the daily press and the
magazines during the coming four de-
cades in connection with this remark-
able character, beyond the mere re-
cording of his advice to the young
to accumulate and to the old to pass
pleasantly away; something beyond
the theory that there is a fair chance
in this world for all of us, if we will
only be thrifty and wise.

stic. All are invited. Services to-

The Dog, the Cat and the Lady.

Yesterday evening, shortly after
seven o'clock, a daintily attired young
lady was passing over galleries in Re-
gent street, where is now on exhibi-
tion a collection of old sporting prints.
The galleries had just been closed and
the staff gone, and the housekeeper's
cat was enjoying the cool of the even-
ing outside, when the lady's compan-
ion—a ferocious bulldog—flew at the
cat and both dashed through the win-
dow, doing damage to the extent of
many pounds. The cat was almost in-
stantly killed, and as the usual crowd
quickly gathered, milady discreetly
hailed a taxicab and, followed by her
sporting companion, who seemed none
the worse for his dash through a half-
inch plate-glass window, drove quickly
from the scene.—London Telegraph.

Woman's Record Bass Catch.

The largest striped bass caught by
a woman with rod and line on this
coast was captured a few days ago
in Larkspur slough by Mrs. Carrie M.
Blundin. The fish scaled 23 pounds
dressed, and was replete in spawn at
the time of its death. The successful
fisherman said that she was using a
very light rod at the time the big
fish snapped her clam bait from the
mud bottom, but the battle it gave for
its freedom was not what the angler
expected. In fact, it succumbed with-
in ten minutes of the time it was
hooked. Mrs. Blundin is, however,
very proud of her achievement.—San
Francisco Chronicle.

Entitled to Admission.

Rev. Edward Everett Hale, chaplain
of the senate, went over to the state
department a short time ago to see
Secretary Root. He didn't know it
was diplomatic day at the department,
when only diplomats are received
during certain hours.

He started to go into Secretary
Root's office when a messenger
stopped him.

"Are you a foreign minister?"

"No," replied Dr. Hale, "I am a do-
mestic minister," and that settled that.

Out of Usual Ruts.

It is interesting to come across
something original in an epigram-
matic way once in a while in a new
book. Miss Willcock's "A Man of
Genius" makes one pause over a para-
graph long enough to read it twice,
every once in a while. "You've got a
temperature of 104, Tolstoi—and I
can't operate. If you'd caught some-
thing in fits instead of fits, I might,"
some one says, and again, "Thinking
is like sugar—good for the young, but
gouty for the old."

THE GROCER

ST. LOUIS LIVE STOCK MARKET.

Special to Democrat-Sentinel.

National Stock Yards, Ill., Jan. 19.
—The cattle run so far this week has
been moderate and the arrivals in-
cluded nothing in the line of choice
to prime steers. Yesterday's market
was fully steady, and today's trade
was on an active and strong basis,
yet killers are still pretty well loaded
up with beef from last week's liberal
run, and they are complaining bit-
terly of bad beef markets. However,
our opinion is that receipts will con-
tinue moderate this week, and a few
more days of light supplies will start
a reaction towards better prices, with
the medium killing steers and heifers
showing most improvement.

Hog receipts 12,000. Demands good
from all sources. Trade generally
10c higher than yesterday; top \$6.60.
Bulk of all the hogs \$6.15@6.35.
Packers paid up to \$6.50 for their
best hogs today. Outlook strong
next few days, and we repeat, it
looks like a good time to market
good hogs.

Sheep receipts 3,500. Market
opened steady. The best lambs here
brought \$7.60 and they were not as
good as yesterday's \$7.75 lambs. The
trade weakened just before noon on
increased arrivals, and at the close
sheep and lambs sold 25c lower than
yesterday's average, with the year-
lings off 10 to 15c; best mutton sheep
5 to 10c. Best yearlings today \$6.65.
We do not look for any material in-
crease in supplies, and consequently
a little or no further decline in values
this week.—National Live Stock Com-
mission Co.

NEW DIET HAS MANY FRIENDS.

Converts to "Sanitarianism" Being Made Every Day.

Sanitarianism, or half vegetarianism, has gained many converts since Minister Wu coined the new word. The theory of the stomach's being the seat of all disease is banishing meat from the bill of fare of many homes.

Cereals and fruits, vegetables, curried rice prepared with meat extracts and gravies, the various pastes from Italy deftly cooked in the Tuscan manner with tomato essence and cheese, all these foods are gaining in popularity as the steak and chop furore diminishes.

The person who resolves to cut down the meat diet with a view to improving his general condition will be amazed, the sanitarian declares, to find that after a few days he will feel lighter, better in mind and capable of more effort. And hot water taken internally in quantity each morning upon rising produces such effects in conjunction with a restricted diet that one who persists in the treatment for a few weeks will never go back to the old program.

HIS BRIDE-ELECT A NEGRESS

An Indiana Man Fooled an Illinois Clerk and Married Her.

Carmi, Ill., Jan. 20.—By keeping his bride-elect in a carriage at the court house, James A. King, claiming Rockport, Ind., his home, yesterday succeeded in obtaining a license to marry Mrs. Jennie Wallace, a negress.

Clerk Dowden issued the marriage license, believing both parties white, and did not discover the mistake until Rev. Parson E. Green reported the marriage.

The couple left on the first train for Rockport. It was White county's first mixed color marriage, violating the Illinois law against marriages of whites to negroes.

TO BRING ORANGE TREE NORTH

Botanists at Work on Development of Hardy Specimen.

Botanists in the employ of the United States department of agriculture hope to bring into being an orange tree which will be as sturdy as the apple tree; an orange tree that will not perish in the chill of northern winter, which in December will bear its wreaths of snow and in May its garlands of bloom, and when summer comes will yield fruit as good as that sweetened in the south sun.

This may seem to be an unnatural proposition, but it only seems so. No violence upon the laws of Nature has been or will be attempted. It is simply an effort to make the citrus tree which bears the sweet table orange as hardy and insensitive to cold as the citrus tree which bears the bitter, unedible orange. By crossing a citrus tree which grows in the north and which bears the unedible fruit with the citrus tree of the south it is sought to beget a plant in which will be combined the good traits of each.

Government botanists are confident that the results of this citrus marriage will be a scion that will grow and fruit at a latitude midway between the northern limits of the sweet and bitter orange. If this should be there might be groves in central Virginia, middle Kentucky, southern Indiana, southern Illinois, central Missouri and central Kansas. Think of orange groves around the homes in Richmond, Louisville, Cincinnati and Kansas City!—Technical World.

FALLEN WOMEN BROKER

CONFESSED AND WAS SENT TO
BRIDEWELL FOR PERIOD
OF TEN MONTHS.

JUDGE NEWCOMER HEARD THE EVIDENCE

Dora Douglas Tells Court of Luring
Young Girls to Chicago and
Turning Them Over to
Russian Jew.

Chicago, Jan. 20.—Admitting in court that she was a "broker of fallen women," Dora Douglas told Judge Newcomer that she was in the employ of a Russian Jew, whose identity the police withhold. The woman, who is 35 years old, said she was paid to lure girls to Chicago, to be transferred for a cash consideration to resorts.

The admission caused her to be given a ten months' sentence to the Bridewell and stirred the police to hunt for the woman's employer.

Three girls testified that Mrs. Douglas had prevailed on them to come to Chicago from Milwaukee. The girls are: Margaret Jacobs, 20 years old; Katherine Albright, 22 years old; Anna Sang, 19 years old. "I brought these girls and others, too," said Mrs. Douglas to the court. "Altogether I brought four from Milwaukee, also several from St. Louis, but I turned them over to the Russian Jew, instead of selling them, as he proposed."

"Then, you are a broker of fallen women," suggested the judge.

"That's true, your honor, but I am not to blame. I was of good parents, had a good home and married, as I thought, the best man in the world. He turned drunkard after I had given up school teaching and had finished my education. I could not live with him."

"Better live with a drunkard than engage in such work as this," said the judge. "No punishment I could mete out to you would avenge the crime you have been guilty of and so willingly confess to, but I will only send you to Bridewell for ten months because of your willingness to aid the police to get at the bottom of this affair."

What's Wrong With Billy?

"What's the matter with Constable Lew Kahrs employing 'Billy' Drake as a deputy to look after the colored class of law breakers?" is what certain republicans are asking. "Billy" has, until recently, been a "sleuth" for twenty-one years, and during that time not a blemish was discovered on his record.

CATARRH MUST GO

And Hawking, Spitting, Snuffles Must
Go, Too.

Hyomei (pronounced High-omei)
will give the sufferer from catarrh
joyful relief in five minutes.

It is such a remarkable cure, and
so positive in its action, that the W.
E. Bard Drug Co. goes so far as to
guarantee it to cure catarrh or mon-
ey back.

A complete outfit, which consists of
a hard rubber pocket inhaler, a bottle
of Hyomei, and a unique dropper, for
filling the inhaler, only costs one dol-
lar, and if an extra bottle is after-
wards needed the price is only 50
cents.

Hyomei is a healing, antiseptic bal-
sam, taken from the mighty eucalyptus
trees in the health-giving forests of
Australia, where diseases of the res-
piratory tract are unknown.

All the sufferer has to do is to in-
hale the antiseptic air of Hyomei over
the inflamed parts where the germs
are entrenched, three or four times
a day.

It cures coughs, colds, asthma, hay
fever and croup without stomach
dosing.

FIXING UP COLD CHICKEN.

Old Housekeeper Tells of a Good Way
to Serve It.

"What do I do with cold chicken?"
said the old housekeeper. "If I do not
eat it cold with a lettuce salad, as I
prefer it, I fix it by a recipe given me
by a Swiss cook we once had."

"I cut the chicken into neat pieces,
salt and pepper them and sprinkle
them with finely chopped parsley and
onion. I then cover them with oil,
and squeeze over them the juice of a
lemon, letting them remain until they
have become well flavored."

"A batter is made of four ounces of
flour and enough milk to make a stiff
batter. Into this is stirred half a
wineglassful of brandy and an egg,
the white and yolk beaten to a froth.

"Let the batter stand for an hour
before using; then dip the chicken into
it and fry in boiling fat. Serve
with fried parsley and a rich cream
sauce."

RICH FARMER IS KILLED

Family Alleges Suicide, but Coroner
is Investigating Facts.

Leavenworth, Kas., Jan. 20.—Wil-
liam Wartack, 76 years old, a rich
farmer living in the southern part of
this county, was found dead in bed
at his home yesterday with a gun-

Members of his family say that he
committed suicide, but that none of
the inmates of the house heard the
shot. A double-barreled shotgun was
on the bed beside the body. The
coroner is conducting an investiga-

For the past two years there has
been feeling between Wartack and

LAURENT RUINED CHILD

SLAYER OF SALESMAN MAKES FIRST STATEMENT SINCE THE SHOOTING.

REARREST OF THE ACCUSED IS CAUSED

Victim's Brother Charges Murder in First Degree in Warrant—The Dead Man's Employers Are to Prosecute.

Columbus, Miss., Jan. 20.—C. R. Smith, who shot E. A. Laurent at Artesia, called a meeting of his friends at the office of his lawyer, Z. P. Landrum, yesterday, and made a statement, saying that he had shot Laurent because Laurent had ruined his only daughter, Estelle Smith.

This is the first public statement of the cause of the tragedy.

Smith had come to Artesia on the day of the murder to meet his daughter and was greatly enraged, he says, when he found Laurent there.

Smith further says that he thought Laurent was preparing to fight him, and retreated behind Rogers, the railroad section man, to prepare his pistol. He says that he drew his own pistol in self-defense.

Within an hour after this statement had become generally known, J. S. Laurent, of Nashville, a brother of the slain man, arrived in town with K. T. McKinnico, a lawyer of Nashville.

The two at once went before a magistrate and Laurent swore out a warrant charging Smith with murder in the first degree.

This is not a bailable offense, and the sheriff was instructed to rearrest Smith. This was done, and Smith is in jail, awaiting a second preliminary hearing, probably today.

Bail was allowed at the hearing on Saturday last on the basis of Smith's plea of self-defense and as a sort of tacit acquiescence to the unwritten law.

Those who bring their jewelry here to be repaired will find unusual facilities and unsurpassed skill. Nor is this all. When the work is finished we subject it to a rigid inspection to make sure it is all right. Your search for faults will be fruitless. Prices as low as the work is good.

RUMBLINGS OF THE RAIL

COLUMBIA WANTS KATY TO CONSTRUCT A DEPOT OUT OF STONE.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The M., K. & T. Railroad company should build its new station out of Missouri limestone, says the Columbia Tribune. Architects and builders who know the cost of quarrying and cutting the stone say that such a structure will cost no more than pressed brick trimmed with stone. The style of building the present plans call for. That it will be a much handsomer, more valuable and a more durable building is conceded.

As fine building stone as can be obtained anywhere is located on the M., K. & T.'s right of way not over a mile from the station. The road can do its own quarrying and its own transporting. The Commercial club should communicate with President Allen and ask him to investigate the matter of giving Columbia a stone station.

If the statements of a well known architect and builder are correct, the M., K. & T. management will undoubtedly desire to please itself and Columbia by building the new station of stone.

Joined Santa Fe Hospital Staff.

Dr. A. M. Garton, for one and one-half years connected with the staff of surgeons at Maywood hospital and recently connected with the surgical staff at the M., K. & T. railway hospital, left this morning for Topeka, Kas., where he will join the staff of doctors at the Santa Fe railway hospital.

Dr. Garton is a young physician, affable and polite, and every acquaintance in this city will wish him the success which he so justly deserves.

Rebuilt Steam Shovel.

The Missouri Pacific steam shovel that burned at Nelson recently has been rebuilt and put into service near Blackwater again, says the Boonville Democrat.

A large crew and two work trains are reconstructing the roadbed between Blackwater and Boonville, and before many weeks this part of the River route will be in as good condition as any in the state.

Missouri Pacific Earnings.

A New York dispatch reported the following railway earnings:

Missouri Pacific—Second week January, \$781,000; increase, \$134,000. From July 1, \$24,730,035; decrease, \$796,496.

Central Branch—Second week January, \$25,000; decrease, \$7,000. From July 1, \$997,200; increase, \$76,503.

Section Men Laid Off.

The Bolivar Herald observes: "The Frisco section hands have been pruned to the extreme. Only \$80 for each section is now allowed. This keeps the foreman and then one

hand part of the time. All extra gangs have been taken off."

Engineer Goodwin's Condition. C. W. Goodwin, a Missouri Pacific engineer, who was recently painfully injured in a collision near Independence, Mo., is getting along nicely at the company hospital at Kansas City. He is now able to be up and around the institution and will likely be taken home next week. His daughter, Miss Mae Goodwin, will return home tomorrow.

Other Engine Failures.

Owing to engine failures, Missouri Pacific train No. 11, due here at 4:45 a. m., arrived three and one-half hours late this morning, while No. 9, due at 1:50, arrived five hours late. The fast mail train ran forty minutes late into Sedalia.

Owing to an engine failure, Missouri Pacific train No. 2 arrived here one and one-half hours late today.

A. J. Alexander, superintendent of the Missouri Pacific, returned this afternoon from a business visit at Kansas City.

Carl McVey left this afternoon for Corlis, Wis., to accept a position in the signal department of the C., M. & St. P. Railway.

Division Engineer A. P. Morrison, of the Missouri Pacific, went to Kansas City this morning, and W. B. Shirk, commercial agent, went to Rich Hill.

Waldo King, a Missouri Pacific boiler-maker's apprentice, was painfully injured at the new shops this morning and will be laid up for a couple of weeks.

"Pick" Penniston, the veteran M., K. & T. trainman, is suffering from a sore throat, hence the uneasiness of Harry Smith and others, who fear the "old reliable" is liable to be compelled to lay off.

Eddie McCoy, a Missouri Pacific lineman, arrived from Conway Springs, Kan., this afternoon, called here by the illness of his wife, who was operated upon Tuesday and whose condition today is improved.

The home-seekers business on the M., K. & T. Tuesday night was stupendous. No. 5, southbound flyer, was operated in four sections, consisting of a total of thirty-seven cars. The sections passed through Sedalia.

Good 7-room house, Des Moines, Ia., to trade par value. What have you? **HIGLEYMAN REALTY CO.,** Suite 1, Katie Bldg., Phone 78.

SALOON THOUGHT NO. 57.

When you consider that the state of Missouri has met all the money and criminal politicians that the liquor trade commands in the various counties, and there on an open field where the liquor trade had all the time to arrange things, and THEN beaten time after time, in all, nearly EIGHTY times, in as many counties, it is only an indication of what will happen when their attention and money is needed at every polling place in the state at once. When we had our Sedalia fight they had help from all over the state, and with all their money and politicians they beat us by a little over \$00, it shows that when every polling place over the entire state demands their time and money that they are going to find that their forces are going to be divided any how. There is one fine thing about many of THEIR votes that we do not have to contend with and that is they have to line THEIRS up just a few minutes before voting or they may not work right. And if the outstretched hand does not contain a free drink or a few shekles they are going to get revenge by voting WRONG. We are thankful we don't have to consider our votes in that light.

HIS LORDSHIP'S COMING

AMERICAN HEIRESSSES ARE TO
HAVE ANOTHER CHANCE
FOR A TITLE.

MARQUIS OF ANGLESEY IS SOON TO VISIT

Expected to Cut a Wide Swath in New
York Society, as He Has Already
Met Most of the Lead-
ers on This Side.

London, Jan. 20.—American hei-
resses are to have another chance at
a title. His Lordship, the Marquis of

Anglesey, accompanied by his cousin,
Bertie Paget, one of Lady Paget's
twin sons, sailed today for New York
for an indefinite stay in America. It
is announced that they will spend
some time in New York, possibly to
look over the eligible belles of Goth-
am's "400," and will then make an
extensive tour of the western part of
the United States and Canada.

His lordship is expected to cut a
wide swathe in New York society,
having met most of its leaders on
this side. Both Lord Anglesey and
young Paget are credited with un-
fortunate love affairs. Anglesey is
said to have aspired to the hand of
Princess "Patsy" of Connaught and
she has favored his suit, but her par-
ents, as well as the king, nipped the
romance in the bud. The princess is
now looking very weary and bored
and prematurely sedate.

Bertie Paget had a desperate love
affair with beautiful Millicent James,
daughter of Queen Alexandra's
friend, Mrs. Willie James. Neither
had any fortune, so Miss James' par-
ents objected. The young couple
swore unalterable fidelity, but Miss
Millicent is already all but engaged
to Lord Bury, eldest son of the Earl
of Albemarle. He also is poor, but
the Jameses are willing to make an
effort to provide adequately for his
future.

The Countess of Anglesey dined at
Lady Paget's on New Year's eve, and
some of the older men of the party.

when the ladies had withdrawn, were
interested by having both Anglesey
and Bertie comparing English girls
unfavorably in steadfastness with
American girls.

LIGHTWEIGHTS TO FIGHT

"Young Otto" and Leach Cross Will
Battle Tonight.

New York, Jan. 20.—A ten round
bout between "Young Otto" and
Leach Cross, the crack lightweight,
will be staged tonight at the feature
bout of the reopening stag of the
Fairmont Athletic club. They will
fight at 133 pounds at 8 o'clock.

"Young Otto" has been trying for
some time to get a chance at Cross,
and the indications are that the mill
will be an exciting one from the first
tap of the bell.

Before arranging the match "Young
Otto" had a bout scheduled with Bert
Keyes before the New Haven Athletic
club for tonight, but it was passed up
by Otto's manager in order that his
man might meet Cross.

CLERK GREEN STRICKEN

Missouri Court Official Has Severe
Hemorrhage

Jefferson City, Mo., Jan. 20.—John
R. Green, clerk of the supreme court,
suffered a severe hemorrhage yester-
day at his home in this city. He was
taken sick immediately after a hard
spell of coughing.

Physicians in attendance say that
the loss of blood was caused by the
bursting of a blood vessel and that
nothing serious will result from it.
Mr. Green is resting easy and is
steadily improving.

EMPEROR FRANZ JOSEPH

REPORTS OF HIS ILL HEALTH
CAUSE ALARM IN BRIT-
ISH CIRCLES.

SAID TO BE IN LOW STATE OF VITALITY

In the Event of His Death Much Will
Depend Upon the Strength
and Individuality of the
Archduke.

London, Jan. 20.—Recent reports
of the ill health of Emperor Franz
Joseph of Austria-Hungary have
caused some alarm in British diplo-
matic circles. The aged emperor is
said to be in a low state of vitality,
and his death at any time would not
be surprising. What will transpire in
the dual monarchy he has ruled so
well, in the event of his death, is
now an interesting subject of dis-
cussion among those interested in
European politics.

According to those who keep in
touch with foreign affairs and who
understand the mysteries of conti-
nental politics and intrigues, that
which will happen in the
event of the death of the old emper-
or depends entirely upon the individ-
uality and strength of the archduke
who will succeed to the throne. And
of the Archduke Franz Ferdinand not
enough is known here to justify posi-
tive declarations. In late years he
has demonstrated a more conspicu-
ous capacity for statecraft, a more in-
timate understanding of his future
duties, a deeper sympathy with the
heterogeneous elements that compose
his country.

For many years the emperor has
held together loose parts of his em-
pire, sometimes arbitrarily, in the
hollow of his hand, as it were, but
always plainly with a mind to pre-
serve its integrity and to harmonize
the jealous factions. Now, as he is
about to lay down the work, which
remains undone, and when Franz Fer-
dinand ascends the throne he will
find conditions well calculated to try
his mettle as a monarch.

In Hungary, loosely held to Aus-
tria, he will be harassed by leaders
who for years have been searching
for a pretext upon which to hang a
declaration for autonomous govern-
ment, leaders who have been foster-
ing the ever present desire for ab-
solute independence. The first misstep
of the new ruler would precipitate
the crisis, whose present existence is
denied. That Kaiser Wilhelm should
ferment trouble in the house of his
neighbor is a prediction that finds but
few believers here.

Diplomats and statesmen do not
place as much credence in the cur-
rent stories of Kaiser Wilhelm's
"boundless ambitions" as the authors
of these stories profess. Kaiser Wil-
helm has been a power for peace,
and that he will remain such is the
general expectation. In fact, assur-
ances that Germany casts no covet-
ous eye upon the German speaking
provinces of Austria has been official-
ly lodged with the German embassy
here.

It is pointed out that the pan-Ger-
man party in Austria has received no
encouragement from the kaiser and
that the dream for a southward ex-
tension of the German empire has

mia would rise against it. Italy would
not support her ally's contention, for
in case of dismemberment Italy her-
self might lay claim to Istria and
Dalmatia, where the Italian tongue is
spoken; and Russia, France and
Great Britain would resent so mark-
ed a disturbance of the equilibrium
of Europe.

Yet the shadows of all these ques-
tions, if not their substance, will con-
front the ruler who succeeds to the
throne of Austria-Hungary in the
event of the death of Franz Joseph.
How well equipped Franz Ferdinand
is to cope with them remains to be
seen. Under the tutelage of his un-
cle, the emperor, he has received a
proper understanding of the things
that he must know.

He is of ripe years, born in 1863,
son of the emperor-king's late bro-
ther, the Archduke Karl Ludwig. His
mother was the Princess Annunziata,
daughter of the late King Ferdinand
of Naples. He married, in 1900, the
Countess Sophia Chotek, having first
duly renounced the right of his fu-
ture children to succeed to the
thrones of Austria and Hungary.

FINDS FATHER AND FORTUNE

Girl's Twenty-Year Quest Ends Sud-
denly at Worden.

Decatur, Ill., Jan. 20.—Wenona
Lamb, aged 20, who has been making
her home with Dr. W. A. Dixon, of
this city, as nurse for his wife, found
a father and a fortune yesterday at
Worden, Madison county. Miss
Lamb's father and mother separated
when she was 6 years old, the family
then living at El Paso. The mother

married again, and told the girl her
father was dead.

The girl recently was directed to
the home of John Lamb, a wealthy
resident. She was met at the door
by a middle-aged man, and it was not
necessary for her to state her mis-
sion. Her resemblance to her mother
was such that the man cried her
name in his arms with the cry, "Wenona,
my lost daughter!"

A SHORT STORY WRITER

RICHARD LE GALLIENNE CELE-
BRATES 43D ANNIVER-
SARY OF BIRTH.

BORN AT LIVERPOOL JANUARY 20, 1866

He Now Spends the Greater Part of
His Time in This Country—Most
Favored Work, "Quest of
the Golden Girl."

New York, Jan. 20.—Today is the
43d anniversary of the birth of Ru-
chard Le Gallienne, journalist, poet
and writer of short stories. Mr. Le
Gallienne now spends the greater por-
tion of his time in this country, al-
though he is a native of England,
having been born in Liverpool Jan.
20, 1866.

Educated at Liverpool college, he
early manifested literary ability that
has since made him internationally
famous. His first published work was
issued in 1887, when the author had
just attained his majority, and was
entitled "My Ladies' Sonnets." This
was followed in 1888 by "Volumes in
Folio." His most famous work, "The
Quest of the Golden Girl," was pub-
lished in 1896. His poem, "If I Were
God," created a sensation and wor-
ried the author the condemnation of
the orthodox. In 1897 Le Gallienne
attempted a paraphrase of Omar
Khayyam, which attracted considerable
attention in literary circles.

Mr. Le Gallienne has been twice
married, his first wife being Mildred
Lee, whom he married in 1891, and
who died in 1894. In 1897 he married
Julie Norregard, a French woman
who conducts a millinery establish-
ment in Paris, where are turned out
many ladies' bonnets quite as weird
and wonderful in their way as some
of her husband's literary productions.

Le Gallienne as written many
poems and short stories for American
magazines. He is reported recently to
have become a convert to the Chris-
tian Science faith, and it is rumored
that he is now engaged in writing a
metaphysical drama, which will serve
as propaganda for Mrs. Eddy's cult.

course on the subject was masterful in
all that the term implies. Repeated-
ly the audience encouraged the speaker
when he made especial remarks
touching the abuse offered the pres-

Mother and Father's Suicide.

Grand Forks, N. D., Jan. 20.—John
Bentley, a farmer living on a claim
near St. John, N. D., killed his wife
and himself as a result of a quarrel.
The couple had been separated, but
were living together to perfect a land
claim.

The husband cut the wife's throat
with a razor, in the presence of their
six children, ranging from 6 to 13
years old. He then cut his own
throat.

The wife died immediately, but the
husband lived a few hours.

The crime was discovered by per-
sons passing who heard the children
screaming.

Find a Partner and a Fortune

In a great city like Chicago there must be a great "want ad"
newspaper—a market place—a clearing house—where men of af-
fairs can meet each other.

Same in other cities, same in Sedalia.

A man on the West Side has a paying proposition. He needs
more capital. A man on the South Side has capital—he wants to
invest it in a paying proposition.

How could these two men make their desire known any more
quickly than in THE DEMOCRAT-SENTINEL

If you be a factory owner—if you be a capitalist—if you be an
employer—if you be a housewife—you should spend a few minutes
daily and Sunday in reading the little "want ads" which are printed
in THE DEMOCRAT-SENTINEL. Today—tomorrow—or
sometime you will surely find something that will interest—some-
thing that will probably change the course of your entire life.

One little advertisement printed in this paper might be in-
tended for you. If you read it, it might lift you from poverty to af-
fluence. It might be the means of satisfying the ambition you have
always had to occupy a distinct position in the business world.

AT THE TEA TABLE

METHODS OF PREPARING AND
SERVING REPEAT.

Sweet Sandwiches Are a New Idea in
the Line of Refreshments—Home-
Made Cake an Always Appro-
riated Delicacy.

An ideal spot for the tea table when
one expects three or four friends is
the drawing room. The dining room
is reserved for large afternoon teas
or when ten or more guests are ex-
pected. All the paraphernalia for
boiling water and making the tea
should be on the table so that the
brew may be perfectly fresh and with
water of the necessary temperature.

It is always a charming scene, even
to other women, to watch a dainty
hostess prepare tea, from the lighting
of the alcohol lamp to the final bit
of lemon or pouring of cream.

To a man it suggests the delightful
side of domesticity, and a clever girl
vishing to marry should never lose a
chance to let a desirable party behold
her making tea—provided she does it
gracefully.

Sandwiches of all sorts are the best
possible accompaniment to tea. Crispy
toast and little cakes come second.
Toast is often the most agreeable
to the taste, but it is so seldom truly
hot, and is so greasy with butter, that
it is by no means an ideal thing to
handle while making a call.

Sweet sandwiches are new and may
be made from thin slices of stale or
rather tough cake, having a layer of
ground or pounded nuts, or nuts
pounded fine in a mortar and held to
the cake by the thinnest possible
layer of jam, marmalade or jelly.

A bit of preserved ginger placed at
intervals on slices before they are laid
together is delicious. Maraschino cher-
ries cut in quarters may also be used.
When sandwiches of different kinds
are served on the same plate they
should be so arranged and marked
that the guest may choose according
to his or her taste.

A sweet sandwich having cherries
inside should have half a cherry on
one corner, and that with preserved
ginger should be similarly marked
with the ginger.

Dainty Over Plate.

Nasturtium leaves make delicious
green sandwiches, and a little lemon

juice added to sardines in sandwiches
enhances their flavor.

Sandwiches made of greens may be
marked with a bit of the leaves pro-
truding or a nasturtium flower or a
sprig of parsley.

When a number of guests are ex-
pected and there are several plates of
these dainties, each plate may have
the nature of its burden indicated with
the nasturtium leaves or flowers or
fruit.

A dolly should be placed over plates
under sandwiches, but bread and but-
ter and cake look better without; be-
sides, when the loaf of cake is cut the
knife would ruin the dolly.

Home-made cake is always a deli-
cacy, even when of the simplest sort,
and the truly hospitable hostess will
see to it when expecting many call-
ers that a loaf or two is provided.

For small informal tea serving, if
home-made cake is served, several
pieces only should be arranged on a
plate.

Brownies.

Two eggs, one-half cupful of butter,
one teaspoonful of vanilla, one cupful
of sugar, one-half cupful of flour, two
squares melted chocolate, one cupful
of broken walnut meats. First beat
eggs together, then cream butter and
sugar, add to beaten eggs and beat
until smooth; then add melted choco-
late, flour, flavoring and nuts. Spread
thinly on greased paper or on inverted
tins greased and bake 20 minutes in
cake oven. Take from the oven and
crease in small oblong pieces while
hot.

Grape Mousse.

Cook enough grapes so that when
strained they will make one large
cuffee cup of pure juice. Str this into

a pint of very heavy cream. And one
tablespoonful of lemon juice and
enough sugar to sweeten. Whip this
with cream whipper until very thick
and pour into a mold. Pack in freeze-
covering with salt and ice, letting
stand four or five hours. Replenish
the ice if necessary. Turn out on plat-
ter to serve and sprinkle nuts over
the inverted mold.

START DAY RIGHT

WITH APPETIZING DISHES ON
BREAKFAST TABLE.

Some Varieties of Breads and Puffs
That Can Be Depended On—
Selection of Flour is Most
Important.

Despite the many varieties of break-
fast breads which the bakeshop
around the corner offers, the thrifty
housewife still bakes her own dainties.
The success or failure of baking break-
fast breads depends largely upon the
flour used, as some brands of flour
make good pastry, other brands will
make a better bread dough. This is
to be found out only by experience.
It is almost impossible to get a good,
pure brand of cornmeal in the north.
The pure white meal of the south will
give a delicious flavor to bread that
the inferior quality of the northern
brand would never lend to it. Here
are some recipes which may be tempt-
ing enough to try:

Huckleberry Cakes—Mix together
two eggs, white and yolks together,
and add to them two cups of milk.
Into this sift two large cups of flour,
to which has been added two tea-
spoons of baking powder. Add to the
batter one pint of large huckleberries,
which have been washed and picked
over. Bake on a thick iron griddle
in the shape of griddle cakes and cook
slowly. Spread the cakes with butter
and sprinkle with sugar. Pile five on
a large plate in the manner of a layer

cake and cut in wedge-shaped pieces
and serve piping hot.

Popovers.—The great secret of
successful popovers is to have the bat-
ter thin. Just as soon as you make a
thick batter you have muffins instead
of popovers. They should be baked
in heavy cups—the Scotch were being
the best. Without separating the
whites and yolks, beat together two
eggs and add to them one pint of milk.
In another deep bowl put half a pint
of flour and a liberal dash of salt.
Pour the egg and milk mixture into
the flour and salt, beating with great
vigor all the time you are slowly pour-
ing it in. If the batter is the least bit
rough strain through a sieve to make
perfectly smooth. Fill cups two-thirds
full and bake in a very quick oven.

New England Puffs.—To a cup and
a half of flour add a liberal pinch of
salt and a scant teaspoon of baking
powder and one tablespoon of granu-
lated sugar. In another bowl cream
a tablespoon of butter and the beaten
yolks of two eggs. To this egg and
butter mixture add alternately a little
of the dry mixture and one and one-
half cups of milk and, lastly, the
whipped whites of the two eggs.
Bake in greased muffin tins in a quick
oven. Some women add one-half tea-
spoon of vanilla to this recipe.

Coffee Rolls.—From your regular
bread dough take enough to make
about a quart. Work into this dough
a large tablespoonful of melted butter
and half a cup of sugar. Then knead
into this mixture one cup of dried cran-
nants which have been washed, dried
and dusted with flour. Make into
small rolls, dip in melted butter, let
them rise and bake until brown.

German Leb-Kuchen.

Two cupfuls brown sugar to one of
syrup. Heat and to this mixture add
a tablespoonful of baking soda. Dis-
solved in cold water. Remove from
stove and add one cupful milk, three
eggs, reserving white of one for icing,
one cupful nuts, one of citron and one
gill of brandy and enough flour to
make a batter stiff enough to roll, al-
though no rolling is required. Just
spread it thinly on buttered pans and
bake in a moderate oven. When cold
cut in squares and ice.

To make the icing add one cupful
of pulverized sugar to the beaten
white of one egg.

This is a tested recipe and keeps
for weeks, always moist and tooth-
some.

We guarantee the "Atlas" flour to
be as good as Vigorol.

WIFE HAS HIM TAMED

Man Says Spouse Beat Him and Made
Him Cook and Scrub.

Cleveland, Ohio, Jan. 20.—Daniel E.
Walter, of this city, has sued for di-
vorce from his wife, Blanche, charg-
ing that she frequently beat him and
made him cook and scrub.

"I did not ask to go out alone in
the evening until seven months after
our marriage," Walter said.

"When I came back to the hotel
where we lived, I saw her standing
by the door with a revolver.

"While we were keeping house my
wife had the only key. If I came
home first I had to sit on the porch
until she came in.

"Whenever she was angry she
would throw anything. My wife often
left the house early in the morning
to be gone all day. When she got
home she would make me sweep and
wash the dishes.

"She is larger and stronger than I."

CANADIAN "PARLIAMENT"

OPENS FOR THE ELEVENTH SES-
SION BY SWEARING IN
NEW MEMBERS.

HOLD FORMAL CEREMONIES TOMORROW

The Estimates for the Year's Expend-
itures Will Be Cut Down
as Far as Good Service
Will Permit It.

Ottawa, Ont., Jan. 20.—With the
election of the speaker and the
swearing in of the new members, the
first session of the eleventh parlia-
ment of the Dominion of Canada was
opened today.

The formal ceremonies by his ex-
cellency, the governor general, will
take place tomorrow. Charles Marcl,
who was deputy speaker in the last
parliament, was chosen for the speak-
ership.

The session is expected to be com-
paratively short, and, as the govern-
ment was sustained in the last elec-
tion, there will be no change in pol-
icy. One of the principal items of the
government's legislative program is a
new insurance act.

Other measures which will probab-
ly be brought up include Hon. Mr.
Aylesworth's bill to prevent corrupt
payment of secret commissions either
in private or in governmental busi-
ness; bill to establish separate port
folio of labor; bill to extend bound-
aries of Manitoba, Ontario and Que-
bec, and bill to amend present rules
of parliamentary procedure with view
to expediting public business and
preventing waste of time in useless
debate.

The estimates for the year will be
cut down as far as possible commens-
urate with the actual needs of pub-
lic service, and every effort is now
being made to meet a temporary fall-
ing off in public revenue by corres-
ponding retractions in expenditures.

THE PRESIDENT OF CUBA

General Jose Miguel Gomez So Pro-
claimed Today.

Havana, Jan. 20.—General Jose Mi-
guel Gomez was proclaimed presi-
dent and Alfredo Zayas vice president
of the Cuban republic at the session
of the new congress today.

The formal inauguration of the of-
ficials and re-establishment of the re-
public as an independent government
will take place a week from tomor-
row.

Preparations for turning over the
machinery of the government to the
incoming president are practically
complete.

Not the least disturbance in the
governmental functions will attend
the transfer of authority immediately
on General Gomez taking the inaugu-
ral oath on January 28.

Objects to "Suffragette."

"It is time," observes a writer in the
London Chronicle, "that the term suf-
frage was abandoned, as the suffra-
gist movement has taken its serious
place in politics. The word is not
worth preserving. It is used as a term
of reproach and does not enrich the
language. Women do not want the
vote in order to maintain a distinction,
but in order to obliterate it. They
want to be suffragists and citizens just
as men are. Therefore, we have no
place for such a mongrel word as
'suffragette' in our political vocabu-
lary. The latest addition to political
terminology is more useful. It is
'platform.' It was invented by
John M. Robertson, M. P., and is
intended to describe something rather
indefinite in the way of political
pledges—something which is partly a
'formula' which politicians should
adopt and at the same time is sup-
posed to have a place in the party
platform."

IDEAS FOR FLAVORS

GOOD TO REMEMBER WHEN PRE-
PARING DESSERTS.

Many Blend Deliciously with Ginger-
bread—For a Marshmallow Filling
—To Make Maple Icing That
Will Not Harden.

The flavor of ginger in cake goes
well with ice cream and with the dif-
ferent fillings—as it is made in layer
cake style—that blend deliciously
with the ginger flavor, such as marsh-
mallows, caramel, chocolate and maple
sugar, and is becoming very popular.
For making the gingerbread use a deli-
cate recipe that can be baked in lay-
ers, substituting a medium dark brown
sugar in place of the New Orleans
molasses so generally used, as the
latter sweetening gives an unpleasantly
bitter taste to the cake.

For a marshmallow filling dissolve
a stick of sweetened chocolate in
quarter of a cupful of boiling hot wa-
ter, and half a cupful of granulated
sugar, and cook until it threads. Dis-
solve half a pound of the marshmallow
confections in a steamer with a table-
spoonful of hot water in the bottom of
the receptacle. When soft, blend with
the chocolate syrup, beating it until
thick and creamy. The chocolate may
be omitted if preferred, and the marsh-
mallows, softened as above, beaten
smoothly and spread between layers,
and on top of the cake, then cut the
cake in two-inch squares and in two
diagonally.

A "Mocha" filling is delicious. Bring
to a boil a cupful of milk and pour a
little of it over two beaten egg yolks
and half a cupful of sugar, whipping
well, then add the rest of the milk
and half a cupful of strong coffee—
Mocha. Boil the mixture for a min-
ute, stirring it constantly, remove
from the fire and continue the stirring
process until it is thick and creamy,
of the consistency to spread well, then
add two tablespoonfuls of creamed but-
ter, mixing it in well.

Maple icing is very quickly made
by boiling a cupful of maple sirup
five minutes, then stirring in pow-
dered sugar to make a paste that will
spread. This icing will not harden
finely chopped nuts may be mixed in.
For a cocoanut filling and icing
moisten a cupful of confectioner's
sugar until it spreads easily, stir in
shredded cocoanut and for the top of
the cakes sprinkle the cocoanut over
the frosting, thick and snowy.—Vogue

About Bread Dust.

Two or three times a week spread
the accumulated scraps upon a tin
plate or in a baking pan, and set in
a moderate oven until perfectly dry.
Soft or "soggy" bits are good for noth-
ing and interfere with the work. If,
by chance or intention, the bread is
slightly browned keep it apart from
that which remains white. A glass jar
for each kind is a good idea. While
the dried bits are still warm lay upon
a kneading board and crush to powder
with a rolling pin. Do this thoroughly
for the "just" leaving no gritty par-
ticles. Keep in a closed jar in a dry

CHINAMAN WEDS WHITE GIRL

This, Too, After Former Marriage
Had Been Set Aside.

Birmingham, Ala., Jan. 20.—A special from Livingston, Ala., says that Lam Jack, a Chinaman, and Miss

Alice Patton, of Meridian, Miss., have been married at that place.

Ten days ago the couple married at Meridian, Miss., but the courts set the marriage aside. The laws of Alabama do not prevent such a union.

The couple returned to Meridian, where the groom has a laundry.

BLACK HAND WRECKS STORE

Buried in Debris of Scranton Macaroni Factory.

Scranton, Pa., Jan. 20.—The macaroni factory of Nicholas Fazzi, in this city, was blown up by dynamite yesterday, presumably by a "black hand" gang, the front of the building being wrecked. The family and four employees, who occupied rooms over the storeroom and factory, were thrown from their beds and buried in the wreckage, but escaped serious injury.

Windows were blown out of the Arlington hotel and other buildings within a few hundred feet of the explosion. The failure of two sticks of dynamite to explode saved that section of the city from severe wreckage.

Several Italians are under arrest, suspected of the outrage. The place was dynamited after Fazzi had ignored repeated "black hand" threats. The crime yesterday is believed to be one of a series.

HEARING HAS BEEN SET FOR MONDAY

Lawyer McReynolds Alleges Search
Warrant Was Illegally Issued.
Room Ransacked Several
Times.

Guthrie, Okla., Jan. 20.—It is semi-officially stated today that William R. Hearst and his attorneys are contemplating the prosecution of Gov. Haskell for the seizure Tuesday of private papers belonging to Hearst's attorney, Scott McReynolds, of Brooklyn, N. Y., including all data collected by McReynolds to be used as evidence by Hearst in the libel suit instituted against him by Haskell in Omaha, Neb.

The contemplated prosecution includes Sheriff John Mahoney of Guthrie, who permitted the McReynolds papers to be carried to Haskell's office by Orville T. Smith, Haskell's law clerk.

Asserting that the search warrant by which Gov. Haskell secured the private papers of McReynolds was not properly issued, Judge Strong, in the Logan county court yesterday continued McReynolds' hearing until Monday, giving the attorneys opportunity to study the search and seizure provisions of the state constitution and laws.

Among the papers seized were letters from McReynolds' wife in Brooklyn and friends in the East. It is learned from McReynolds that several times since his sojourn in the state making the Haskell investigation, his rooms at hotels have been ransacked and disturbed.

Dying Grandfather Calls Mother and
Child Across the Ocean.

Colorado Springs, Colo., Jan. 20.—At the risk of her baby's life, Mrs. Leopold Hamilton Myers, eldest daughter of Gen. William J. Palmer, is making a race against death across the Atlantic to reach her father's bedside before he dies.

The baby is about ten weeks old, and, although Gen. Palmer had expressed a wish to name his granddaughter, it was believed at first the child was too young to make the trip. When it was learned that the general was quite ill Mrs. Myers decided to start for his bedside at once, and if all goes well the little girl will be christened in Gen. Palmer's bedroom immediately after the arrival of the party here.

Why Not Take Some Diapiesin and
Rid Yourself of Stomach Trou-
ble Forever—Absolute Re-
lief from all This Mis-
ery is at Your Dis-
gists Waiting for
You.

When your stomach is weak or lacking in Gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapiesin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the Stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapiesin is an Antacid, most powerful digestive and thorough regulator for weak stomachs. These Triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good Pharmacy here will supply you with a case of Pape's Diapiesin for fifty cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of Stomach trouble. Your case is no different from many others. It is Stomach Nerves or Catarrh of the Stomach, or Gastritis, or Dyspepsia. It is Food rotting—Food Fermentation—that's all—and takes about five minutes to overcome.

GATES FEARS HYDROPHOBIA

Three Dogs Infected by Pet That Bit
Magnate and His Wife.

El Paso, Texas, Jan. 20.—Possibility of hydrophobia, the result of having been scratched and bitten by a pet dog, is giving serious concern to John W. Gates and also to his wife and others.

When Mr. Gates passed through El Paso yesterday in his private car bound for Pasadena, Cal., to visit his son, he received a telegram to isolate his pet Boston bull pup, carried on the car with him, as three dogs at his Port Arthur home that had been bitten by a tramp cur dog at the same time Mr. Gates' bull terrier was bitten had developed hydrophobia.

Mr. Gates, Mrs. Gates and others of the party have frequently been scratched and bitten by the animal in play while en route.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.
